### President's Message

President's Message

The Winter semester has just concluded and another academic year has come to a close; another chapter has been added to the MRU book. This academic year has been very interesting organizationally. You have heard a good story, you told a good story or shared a good story.

This academic marked a great year for the Association as we participated in the learning experience of our students. The students were enrolled in the Strategic Human Resources (HRES5101) course that was taught by Christian Cook; she invited the us to present the Association to the students. In addition, we were invited to six presentations that were done by the students as part of the learning experience. Here are some of the unsolicited comments and thoughts that students share with the instructor at the conclusion of the course:

"I learned a ton this semester and will carry this information and experience forever."

"I spoke about this assignment in my recent job interview, and am pretty sure it is the reason I got hired."

"I feel more able to speak to my HR knowledge now that I have a little bit of HR experience."

"I hope that these CSL projects become more common as I felt it was very interesting and insightful to HR."

"This was a remarkable learning experience."

"This project was an amazing experience."

"It is exciting as this project allows us to show employers that we have what it takes to remedy a potential issue. In addition, it allows a plus to see us working functionally with HR professionals in a work setting. I have learned that the ability to build this rapport is crucial."

For me, these comments and experiences make a difference

### **Karen's Korner**

An awful lot is happening in our Province as I write this. Definitely makes me reflect and remember how lucky I am.

-to our neighbours up north in Fort McMurray—my hopes and prayers are with you.

-to the extremely brave firefighters-Thank you for all you do. Stay safe and remember—any home can be rebuilt, *you* cannot.

Should you wish to help: I encourage contributing to the Red Cross. There are various ways including texting REDCROSS TO 30333 to make a \$5.00 donation.
